Geoff raises his animals at Round the Bend Farm (RTB) with the freedom to choose their own diet, grazing and rotating through nutrient rich fields of perennial grasses. We believe this diversity is reflected in the delicious taste and quality of our meat.

Shares will consist of pork, lamb and beef. Details are as follows:

- CSA meat will be cut and wrapped at a USDA inspected facility.
- Most animals are born and raised at RTB under a rotational grazing management system.
- Beef cattle (Irish Dexter X, Angus X) are exclusively grass-fed and finished. Beef will be portioned as hamburger, grilling steaks, roasts, stew meat and an array of other less common cuts/parts/organs.
- Pigs (Tamworth X) eat pasture, non-GMO grains and whey (sourced from a local cheesemaker). Pork will be portioned as chops, ground, pork belly, steaks, roasts and sausage may be available.
- Lambs (Katahdin X) are exclusively grass-fed and finished. Lamb will be portioned as chops, stew meat, ground, shanks, and leg.

There will be 5 pickup dates for 2015:

- April (20 lbs of pork)
- July/August (12 - 15 lbs of beef)
- September (20 lbs of pork)
- October/November (12 - 15 lbs of beef)
- December (12 - 15 lbs of lamb)

Space is limited.

Shares will be sold on a first come, first served basis.
